

# SMS Template Catalog

SMS channel only - MSG91 / Twilio / Textlocal / India DLT | 2026-07-27

## 1. Scope

This PDF covers SMS templates only. WhatsApp templates are documented in a separate set under docs/whatsapp-templates/.

## 2. SMS integration notes

- Provider: MSG91 recommended for India (DLT). Twilio/Textlocal also supported.
- Enable with SMS\_ENABLED=true and provider credentials in backend .env.
- OTP (SMS-01) is P0 and should be wired for login/registration first.
- Free-form staff notify is OK in UI drafts; auto-sends must use approved DLT text.
- Do not mix WhatsApp formatting (\*bold\*, newlines) into SMS DLT bodies.

## 3. Template index

| ID     | Category             | Template                         | Priority | DLT type       |
|--------|----------------------|----------------------------------|----------|----------------|
| SMS-01 | Authentication       | Login / Registration OTP         | P0       | Transactional  |
| SMS-02 | Appointments         | Appointment Confirmation         | P0       | Service Implic |
| SMS-03 | Appointments         | Appointment Reminder             | P0       | Service Implic |
| SMS-04 | Appointments         | Running Late / Delay             | P1       | Service Implic |
| SMS-05 | Appointments         | Thank You After Visit            | P1       | Service Explic |
| SMS-06 | Customers            | Upcoming Appointment (Customers) | P1       | Service Implic |
| SMS-07 | Customers / Loyalty  | Loyalty Points Reminder          | P1       | Promotional    |
| SMS-08 | Customers / Loyalty  | Membership / Member Offer        | P1       | Promotional    |
| SMS-09 | Customers            | Birthday Wish + Offer            | P1       | Promotional    |
| SMS-10 | Billing / Receipts   | Payment Received Receipt         | P0       | Transactional  |
| SMS-11 | Finance              | Payment Reminder (Due)           | P1       | Transactional  |
| SMS-12 | Finance              | Payment Reminder (Overdue)       | P1       | Transactional  |
| SMS-13 | Coupons / Promotions | Coupon Send (Single / Bulk)      | P1       | Promotional    |
| SMS-14 | Feedback             | Request Feedback / Review        | P2       | Service Explic |
| SMS-15 | Appointments         | New Appointment Booking Notify   | P0       | Transactional  |

## 4. SMS template specifications

### SMS-01 | Login / Registration OTP

|               |                                                       |
|---------------|-------------------------------------------------------|
| Priority      | P0 - Must have                                        |
| Category      | Authentication                                        |
| Module / UI   | Auth (LoginPage, registration verification)           |
| Channel       | SMS only                                              |
| DLT category  | Transactional / OTP                                   |
| Length target | 160 (1 SMS segment preferred)                         |
| Variables     | {salon_name}, {otp}, {expires_minutes}                |
| Code source   | backend sms providers (Twilio/Textlocal OTP builders) |
| Notes         | MSG91 uses registered DLT OTP template_id + OTP API.  |

**SMS / DLT TEMPLATE BODY**

{salon\_name}: Your verification code is {otp}. Valid for {expires\_minutes} minutes. Do not share this code.

**SAMPLE FILLED SMS**

BillVyapp: Your verification code is 482917. Valid for 10 minutes. Do not share this code.

Filled length: 90 chars (~1 SMS segment(s))

### SMS-02 | Appointment Confirmation

|               |                                                                    |
|---------------|--------------------------------------------------------------------|
| Priority      | P0 - Must have                                                     |
| Category      | Appointments                                                       |
| Module / UI   | Appointments Notify; New Appointment                               |
| Channel       | SMS only                                                           |
| DLT category  | Service Implicit / Transactional                                   |
| Length target | 160-320                                                            |
| Variables     | {customer_name}, {salon_name}, {date}, {time}, {service}, {branch} |
| Code source   | Appointments.tsx NOTIFY_TEMPLATES[confirm]                         |

**CURRENT UI COPY**
