WhatsApp channel rules

- Reminders, coupons, feedback -> WhatsApp primary
- Outside 24h customer-care window -> approved template required
- MARKETING templates may have higher rejection/cost - keep copy clean
- Fallback to SMS when WhatsApp delivery fails or number has no WA

Current WhatsApp status in app

- Providers coded: Meta, Twilio WhatsApp, 360dialog
- WHATSAPP_ENABLED=false by default
- Many UI WhatsApp actions open wa.me or show simulated success
- OTP WhatsApp path exists in NotificationService when channel enabled
